OFFERING #6

MATURE PLANTS OF CATTLEYA SPECIES

These magnificent plants are well established in 5" to 8" pots just as they are grown in commercial greenhouses. The price is determined by the size and weight of the plant. Minimum standards are as follows:

Small ----- 5 to 7 Bulbs and Leaves
 Medium ----- 6 to 8 " " "
 Large ----- 7 to 10 " " "

To those who live in climates suitable for growing orchids outside, this is a wonderful opportunity to buy plants for tree planting, thereby giving your garden a truly tropical atmosphere.

Prices are F.O.B. Chattanooga. Plants will be shipped by Railway Express unless otherwise directed.

	PLANT SIZE	PRICE
<u>CATTLEYA TRIANAE</u>	Small	\$3.50
	Medium	5.00
	Largo	7.00

Normal blooming season is December through February. The flowers have light lavender petals and sepals and a dark lavender lip. One of the better known species.

<u>CATTLEYA SCHRODERAE</u>	Small	3.50
	Medium	5.00
	Largo	7.00

Normal blooming season is February through April. The flowers are of varying shades of pink with bright yellow throat. Although the blooms are not as large as those of C. Trianae, this genera is floriferous and will usually average three or more flowers per spike.

<u>CATTLEYA MOSSIAE</u>	Small	5.00
	Medium	7.50
	Largo	10.00

Normal blooming season is April through June. A few flowering species whose blooms are of a light lavender color with an attractive frilled lip flecked with darker lavender.
